

Debian Teams Activity Metrics

Andreas Tille & Sukhbir Singh

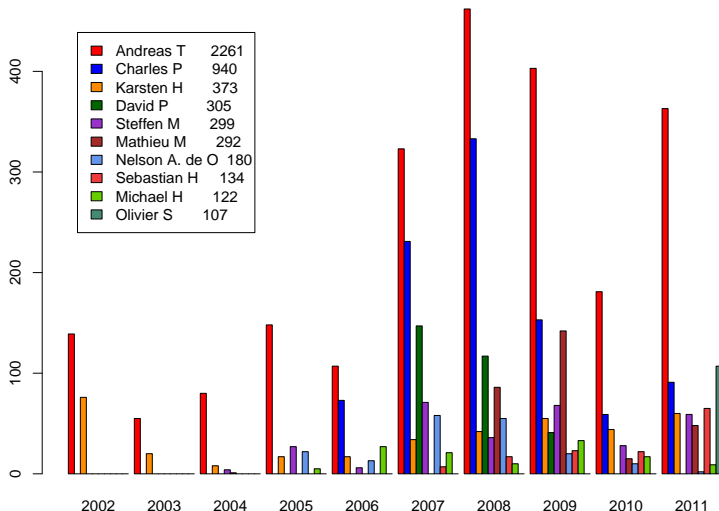

DebConf 11

Banja Luka, July 29, 2011

Motivation

- Who is inside the team?
- Who left the team?
- Does a team have enough members?
- Is the team growing or shrinking?

Quite simple start: Mailing list activity

Measure of Communication Activity

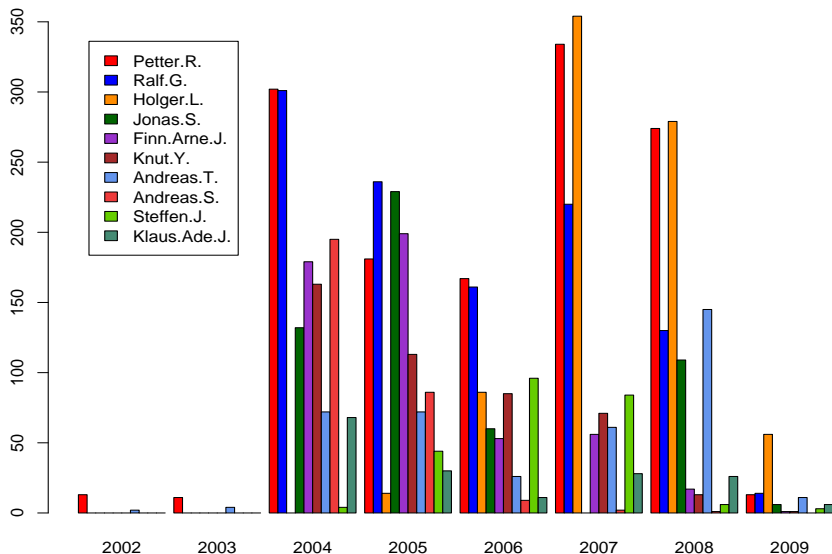

- Every project has a mailing list
- We measure who are the most active contributors
- Quantity is not the only metric because quality matters
- We handle spam by filtering it

Metrics for Measuring Performance

- Frequency of posting
- The raw length of the message body
- blank lines
- blank lines and quotes
- blank lines, quotes and signatures

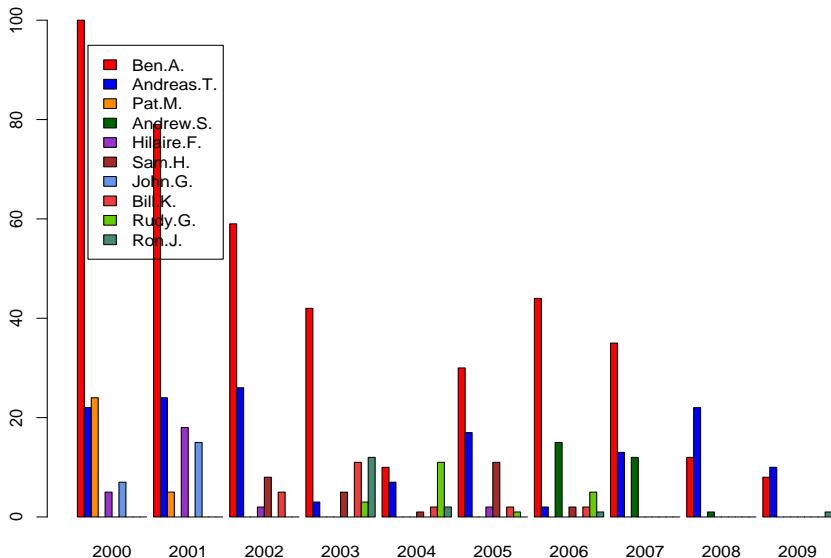

Top 10 debian-edu@lists.debian.org

List activities for edu list

Top 10 debian-jr@lists.debian.org

List activities for jr list

Top 10 debian-enterprise@lists.debian.org
